About Athenese-Dx

Athenese-Dx specializes in the research, development, manufacture and marketing of *in vitro* diagnostic tests and Instruments. Our state-of-the-art facility is based in Chennai, India. Continuous innovation drives us forward. Our dedicated scientists are developing high quality IVD tests in Clinical Chemistry, Rapid Test, ELISA, Fluorescence Immunoassay, Molecular Diagnostics, and Instruments. Our R&D Unit is recognized by the Department of Scientific and Industrial Research (DSIR).

ADX has grown from “Importing for India”, “Made in India for India”, to “Made in India for world”. Our ultimate goal is to bring innovative diagnostic tests at the highest quality to the world market. We reach our customers by combining the skills of our sales force with a network of distributors and strategic partners. We have proven track records of delivering quality products and empowering clinicians to make healthcare decision faster and more accurate.
